INFORMATION CIRCULAR

(as at April 19, 2022, except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management (“**Management**”) of Endurance Gold Corporation (the “**Company**”). The form of proxy which accompanies this Circular (the “**Proxy**”) is for use at the annual general meeting of the shareholders of the Company to be held on **Friday, May 20, 2022** (the “**Meeting**”), at the time and place set out in the accompanying notice of Meeting (the “**Notice of Meeting**”). The Company will bear the cost of this solicitation. It is expected that the solicitation will be made by mail, but may also be solicited personally, electronically or by telephone, by directors or officers of the Company. The Company is not relying on the notice-and-access provisions of National Instrument 54-101 to send its proxy related materials to registered shareholders or beneficial owners of shares in connection with the Meeting.

APPOINTMENT AND REVOCATION OF PROXY

The persons named in the Proxy are directors and/or officers of the Company. A registered shareholder who wishes to appoint some other person to serve as their representative at the Meeting may do so by striking out the printed names and inserting the desired person’s name in the blank space provided. The completed Proxy should be delivered to Olympia Trust Company (“**Olympia**”) by 10:00 a.m. (local time in Vancouver, British Columbia) on **Wednesday, May 18, 2022**, or not less than 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used.

A proxy may not be valid unless it is dated and signed by the shareholder. A shareholder who has given a proxy may revoke it at any time by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation and delivering it to Olympia, or by transmitting a revocation by telephonic or electronic means, to Olympia, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the Proxy is to be used, or delivering a written notice of revocation and delivering it to the Chairman of the Meeting on the day of the Meeting or adjournment of it; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the form provided to shareholders will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The

Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the Management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is important to many shareholders, as a substantial number of shareholders do not hold common shares in their own name. Shareholders who hold their common shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their common shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of common shares will be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Beneficial Shareholder by a broker, then those common shares will likely not be registered in the shareholder’s name. Such common shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such common shares are registered under the name of Cede & Co., the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms. Common shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. The Company does not have access to the names of all Beneficial Shareholders.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. The form of instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable voting instruction form (“**VIF**”), mails those forms to Beneficial Shareholders, and asks for appropriate instructions regarding the voting of shares to be voted at the Meeting. If Beneficial Shareholders receive the VIFs from Broadridge, they are requested to complete and return the VIFs to Broadridge by mail, facsimile, telephone or internet (each as noted on the VIFs) to deliver their instructions and to vote their shares. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. Beneficial Shareholders should carefully follow the instructions of their broker or intermediary to submit the voting instructions for their shares, including those regarding when and where the completed VIFs or proxy form (as applicable) is to be delivered. Your intermediary must receive your voting instructions in sufficient time for your intermediary to act on them.

A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote common shares directly at the Meeting. Should a Beneficial Shareholder wish to attend the Meeting or have someone else attend on its behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or its nominee the right to attend and vote at the Meeting. If you have any questions respecting the voting of common shares held through a broker or other intermediary, please contact your broker or other intermediary for assistance.

The Notice of Meeting, Circular, Proxy and VIF, as applicable, are being provided to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories - those who object to their identity

being known to the issuers of securities which they own (“**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities which they own (“**NOBOs**”). Subject to the provisions of National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), issuers may request and obtain a list of their NOBOs from intermediaries directly or via their transfer agent and may obtain and use the NOBO list for the distribution of proxy-related materials directly (not via Broadridge) to such NOBOs. If you are a Beneficial Shareholder and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. By choosing to send the Notice Package to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivery the Notice Package to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions delivered to you.

The Company’s OBOs can expect to be contacted by Broadridge or their brokers or their broker’s agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO’s intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

All references to shareholders in the Notice of Meeting, Circular and the accompanying Proxy are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Olympia, unless specifically stated otherwise.

Financial Statements

The audited financial statements of the Company for the year ended December 31, 2021, together with the auditor’s report on those statements and Management Discussion and Analysis, will be presented to the shareholders at the Meeting.

Corporate Cease Trade Orders or Bankruptcies

Except as disclosed herein, no director or proposed director of the Company is, or within the ten years prior to the date of this Circular has been, a director or executive officer of any company, including the Company, that while that person was acting in that capacity:

- (a) was the subject of a cease trade order or similar order or an order that denied the company access to any exemption under securities legislation for a period of more than 30 consecutive days; or
- (b) was subject to an event that resulted, after the director ceased to be a director or executive officer of the company being the subject of a cease trade order or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Mr. Pease was a director of Red Eagle Mining Corp. (“**Red Eagle**”) until November 8, 2018. Red Eagle was subject to a cease-trade order issued by the British Columbia Securities Commission on November 20, 2018 for failure to file interim financial statements, management’s discussion and analysis, and certification of interim filings for the period ended September 30, 2018. Red Eagle owned and operated the Santa Rosa mine in Colombia. Due to start up issues Red Eagle had difficulty servicing its project debt and the mine was only able to commence commercial production on the basis of forbearances from the secured lenders. In August 2018 Red Eagle obtained a firm commitment from a third party to refinance the debt with substantial concessions and co-operation from the secured lenders, but in October 2018 the third party defaulted on its commitment and as a result, the secured lenders withdrew their forbearances and appointed a receiver-manager over the assets of Red Eagle.

Individual Bankruptcies

No director or proposed director of the Company has, within the ten years prior to the date of this Circular, become bankrupt or made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that individual.

Penalties or Sanctions

None of the proposed directors have been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority, has entered into a settlement agreement with a securities regulatory authority or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would be likely to be considered important to a reasonable security holder making a decision about whether to vote for the proposed director.

Stock Option Plans and Other Incentive Plans

The following information is intended as a brief description of the stock option plan of the Company (the “**Stock Option Plan**”) and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for review at the Meeting. The Stock Option Plan is consistent with the requirements of the TSX Venture Exchange (the “**Exchange**”) and provides as follows:

1. The maximum number of shares that may be issued upon the exercise of stock options granted under the Stock Option Plan shall not exceed 10% of the issued and outstanding common shares of the Company at the time of grant, the exercise price of which, as determined by the Board in its sole discretion, shall not be less than the Discounted Market Price (as defined in the policies of the Exchange).
2. The Board shall not grant options to any one person in any 12-month period which will, when exercised, exceed 5% of the issued and outstanding shares of the Company or to any one consultant or to those persons employed by the Company who perform investor relations services which will, when exercised, exceed 2% of the issued and outstanding shares of the Company.
3. Upon expiry of an option, or in the event an option is otherwise terminated for any reason, the number of shares in respect of the expired or terminated option shall again be available for the purposes of the Stock Option Plan. 5. Stock options granted to insiders (as defined in the policies of the Exchange) are subject to a four-month hold period commencing the date of the grant of the Option.
6. Stock options granted to consultants performing investor relations services vest in stages over a minimum of 12 months with no more than one-quarter of the stock options vesting in any three month period.

Employment, Consulting and Management Agreements

The Company does not have any employment, consulting or management agreements or arrangements with any

of the Company's NEOs or directors; and does not have any termination and change of control benefits in place.

Oversight and Description of Director and Named Executive Officer Compensation

The Board is responsible for ensuring that the Company has in place an appropriate plan for executive compensation. It does not have a formal compensation program and has appointed a Corporate Governance and Compensation Committee ("CGCC") consisting of H. Ross Arnold, Richard Gilliam, J. Christopher Mitchell and Robert Pease, all of whom are independent.

The Company's compensation policies and programs are designed to be competitive with similar mineral exploration companies and to recognize and reward executive performance consistent with the success of the Company's business. These policies and programs are intended to attract and retain capable and experienced people. The CGCC's role and philosophy is to make compensation recommendations to the Board whilst ensuring the Company's compensation goals and objectives, as applied to the actual compensation paid to the Company's CEO and other executive officers, are aligned with the Company's overall business objectives and with shareholder interests.

Philosophy and Objectives

The compensation program for the senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company has employed a combination of base salary and equity participation through its Stock Option Plan.

Elements of the Compensation Program for the Fiscal Year 2021

The significant elements of compensation awarded to the NEOs are management fees and stock options. The Company does not presently have a long-term incentive plan for its NEOs. There is no policy or target regarding allocation between cash and non-cash elements of the Company's compensation program. The Board reviews annually the total compensation package of each of the Company's executives on an individual basis, against the backdrop of the compensation goals and objectives described above.

Management Fees

As a general rule, the Company seeks to offer its NEOs a compensation package that is in line with that offered by other companies in the industry, and as an immediate means of rewarding the NEO for efforts expended on behalf of the Company. However, the Company is still in the exploration and development stage. In the absence of cash flow from operations, the Board has recommended that on a temporary basis, the management fee component to be paid to the CEO and the CFO shall be such amounts that are currently below industry standards. The Board acknowledges that payment of such management fee may impact on other elements of the compensation package to a particular NEO; for example, the lower management fee may be a factor when considering and granting stock options.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the

Company's Stock Option Plan. Stock options are granted to senior executives taking into account a number of factors, including the amount and term of options previously granted and base salaries and competitive factors.

Stock Options

The Stock Option Plan is intended to emphasize Management's commitment to the growth of the Company and the enhancement of shareholders' equity through, for example, improvements in its resource base and share price increments.

Perquisites and Other Personal Benefits

The Company's NEOs currently are not provided with significant perquisites or other personal benefits.

Pension Disclosure

The Company does not have a pension plan that provides for payments or benefits to the NEOs and Directors at, following, or in connection with retirement.
